## RCI Ontario 2012 Boat Cruise

The First Annual RCI Boat Cruise took place on Thursday August 9th. A threat of drizzle may have kept some folks away but I didn't dampen the spirits of those on board. In fact the rain didn't really materialize and certainly didn't keep anyone off the bow deck. The cruise was on the Miss Toronto Yacht [www.chartermisstoronto.com](http://www.chartermisstoronto.com)

On arrival a feast was being BBQ'd on the hardwood charcoal on the stern grill and no one went away hungry! Ribs, chicken, grilled veggies, salad, cheeses and dessert was more than many could handle. "I was once an executive chef, I've cooked ribs a hundred different ways, I can tell you, THESE ARE GOOD RIBS!" - Bryan Fishburn. The Miss Toronto Staff were very efficient and no one was thirsty for any length of time.

It was really nice to cruise through the Toronto Islands and see the skyline in the evening, sunset and light up at night.

On board was a great mix of consultants, roofing contractors, distributors and manufacturers.

Thanks again to the sponsors - Situra Inc. - Waterproof Expansion Joints and Viana Roofing & Sheet Metal Ltd.
